## **Forward**

Whenever our memories are aroused about those with whom we have lived during our high school years, we will look back at our 1947 Lan-Hi. This book shows two phases of our high school life, social and scholastic.

We hope it will, in later years, be a help in remembering the faculty and students of Lanphier High School.

## **A DECADE OF ACHIEVEMENT**

This year we celebrated the Tenth Anniversary of the founding of Lanphier High School. The original building was completed and classes moved in from Converse January 25, 1937.

Through these years excellent accrediting reports have been made of Lanphier by the State Department of Education, the University of Illinois, and the North Central Association. Consistent standards of achievement have been required for graduation.

In these years the Senior Class has never missed an issue of Lanphier Light and has presented an excellent record of the school's activities each year in the Lan Hi. Also we have never failed to have our regular Athletic Program, Junior-Senior Prom, Homecoming Dance, Choir and Band Concerts, and Senior Class Play.

We wish to express our appreciation to all Seniors past and present for their excellent record of scholarship, leadership, character, and service.

Sincerely,

G. E. STICKNEY.

## DEANS

Miss Ruth O. Walker

The dean of girls is the person to whom all Lanphier girls are expected to take their difficulties, problems, and plans. Interviews with Miss Walker are always beneficial.

Mr. Lee W. Goby

The understanding boys' dean at Lanphier is Mr. Lee Goby. He listens with an attentive ear to all problems presented to him by the boys.

## OFFICE STAFF

The office girls, Mrs. Dorothy Bohner and Mrs. Ethel Ollech, constantly give prompt, helpful, and courteous service to the faculty and students of Lanphier.

Mrs. Bohner

Mrs. Ollech

# Faculty

**Mr. Otis Aggert**

Mr. Aggert is the teacher who helps students to speak properly, and he also directs plays.

**Mr. Don T. Anderson**

Coach Anderson really isn't as mean as he sounds when he is giving his football squad orders.

**Mrs. V. Jean Anderson**

If you ever want help in your school work, just go see Mrs. Anderson. She'll give you help in book form—that is.

**Mr. Cassius A. Armstrong**

Mr. Armstrong is the man who teaches our future farmers all about farming.

**Mr. Edward T. Boyle**

Coach Boyle is the man who takes care of our all star baseball team.

**Mr. Robert M. Cain**

If you go into Study 25 and see a man with a big smile on his face, that's Mr. Cain.

**Miss M. Frances Chatburn**

Miss Chatburn is the teacher who is very willing to help you with any geometry problems you may have.

**Mr. Atile Chiti**

The short gentleman, with the mustache who teaches history is our own Van Johnson.

**Mr. Clarence S. Coe**

Mr. Coe is the teacher that has a big smile for everyone and that beautiful curly hair!

# Faculty

**Mr. Cleo M. Dopp**

Coach Dopp is the fellow who will lead our track squad to victory after victory this year. He also teaches history.

**Miss Esther Duncan**

Go up to 37 some period and you will hear beautiful singing under the direction of Miss Duncan, the sweet lady of music, here at Lanphier.

**Miss Marie E. Freund**

Another of our English teachers, who has a good sense of humor and can give a joke as well as take one—Miss Freund.

**Miss Ethel L. Furlich**

Miss Furlich is one of the well dressed teachers around Lanphier. Have you ever noticed her cute hats?

**Mr. Lee Goby**

School wouldn't be school if Mr. Goby did not say, "School will begin promptly at 8:30 Monday morning."

**Mr. Freeman C. Goodwin**

Mr. Goodwin teaches our students to be good salesmen and saleswomen in his Distributive Education classes.

**Mr. Joe R. Hoffman**

Our Hi-Y leader, Mr. Hoffman, is really a good fellow when you get to know him. Incidentally, he teaches history and science.

**Miss Lois Hopwood**

Miss Hopwood is the lady who teaches the girls how to be good housewives and also how to sew.

**Miss Helen Jeske**

If you ever hear anyone say "Quick like a Bunny," you'll know it is Miss Jeske. By the way, I think she should let boys join G. A. A.

# Faculty

**Miss Mabel Kitch**

Have you noticed those beautiful posters around the halls and the pictures in Room 24? Miss Kitch is our art teacher and she teaches the students to draw.

**Miss Emily B. Lamey**

If you ever want to know anything about the English language, just go to Miss Lamey and she will help you.

**Mr. Lloyd V. Manwiller**

Mr. Manwiller is new around school this year. He's the new tennis coach. Science is his subject.

**Mr. A. B. McCall**

Mr. McCall is the gentleman who teaches our boys and some girls, how to become architects and draftsmen.

**Mr. Harry C. Morgan**

Mr. Morgan does most of our printing around Lanphier. He also teaches shop.

**Miss Mildred Norton**

Miss Norton educates the "cooties" in the proper usage of English which they should have learned in grade school.

**Miss Emma Parrotte**

There is a little lady who lives in 101, she has so many children and she loves them all. That's Miss Parrotte!

**Miss Nell Plain**

If you get a note from your girl and it is only in hen scratches, go to Miss Plain for an interpretation. She's the shorthand teacher.

**Mr. Leonard Rake**

If you ever hear a man say "All ready begin, 1—2—3—4, etc.," you will know it's Mr. Rake and his gym classes.

# Faculty

**Miss Opel M. Rippey**

When you want to know all about plants and animals, just trot up to see Miss Rippey. She teaches Biology.

**Mr. Edwin E. Sach**

When you go down to the gym 3rd hour and hear beautiful music from the band, you'll know it's under the direction of Mr. Sach.

**Miss Imogene Schneiter**

At some time you might have seen fellows with false beards and mustaches on. You ought to know it was Miss Schneiter's masterpiece.

**Mr. Rolla Sorrells**

Three cheers for Coach Sorrells who led our basketball team to victory clear up to the sectionals.

**Miss Ariel M. Swordes**

Miss Swordes was gone a few years; she was in the Army. We are all glad to see her back at school again.

**Mr. Albert M. Taylor**

When you walk into room 32 and see a man with glasses and a scientific instrument in his hand, it is not Einstein, but Mr. Taylor.

**Miss Ruth Walker**

Miss Walker is our dean of girls and she's really a nice lady. So girls if you need any advice don't hesitate, drop in to see her.

**Mr. J. C. Wetzel**

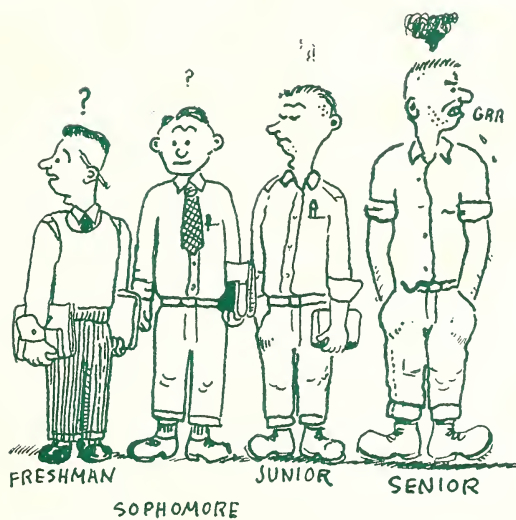

Take two ounces of  $H_2O$  add one ounce of  $H_2SO_4$ , then stir, what have you got? If you're in a rut like this, ask Mr. Wetzel, he knows an awful lot about chemistry.

**Miss Ruth E. Wineman**

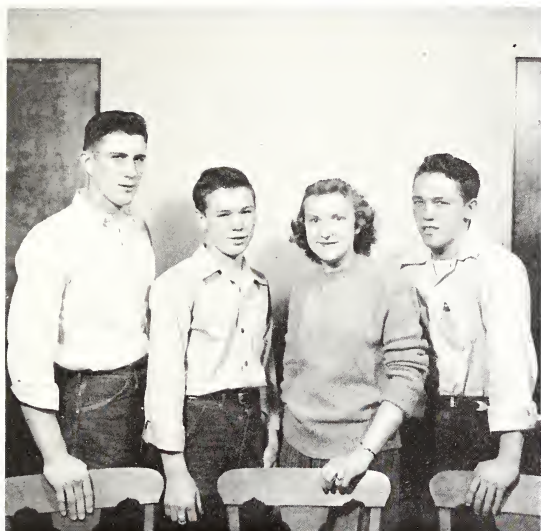

Miss Wineman teaches our girls the fine art of cooking, so they can please their sweet-hearts.

# Sophomores

The former freshmen were happy to enter into their sophomore year. They will no longer be called "cooties."

In their sophomore year they began to join more clubs and athletic activities. They worked hard on the Freshman-Sophomore Jamboree, since this was their last year in which they could attend and enjoy this gay party.

As the end of the school year begins they prepare themselves for their junior year.

# Freshmen

The freshmen are now "seasoned" and are looking forward to being sophomores. They have outgrown the "green cootie" stage and are getting down to business. A great many talents have come to Lanphier from the surrounding grade schools.

The freshies helped a great deal in making the Freshman-Sophomore Jam-boree a big success. As always, this is a big night in the lives of the freshies.

The freshmen have learned the values of education, and are ready to uphold the school scholastically, socially, and in the world of sports.

# DEPARTMENTS

## ENGLISH

English composition and literature are taught in the freshman, sophomore, and junior years of English. Three years of English are required for graduation.

Students enlarge their knowledge and appreciation of the great works of English by reading from recommended outside books. Both educational and entertaining reading is enjoyed by reading the *Reader's Digest*.

The speech course teaches the students ease and confidence in everyday conversation and public speaking. Training in voice, gesture, and effective delivery of interesting and entertaining speeches is the main objective of this course. This class presented the annual Christmas tableau and a fall play.

The senior literature course acquaints the student with the history of modern English and makes them familiar with the writings of such authors as Shakespeare.

## LANGUAGES

From the first day when "Salve, discipule" greets his ears to the last when he hears, "Vale" the Latin student is busy learning Latin words and how to use them. He studies the customs as well as the language of the ancients and at the end of the second year, usually has an opportunity to show what he has learned of these at the annual Roman banquet.

The "Good Neighbor" policy is promoted in the Spanish class which seeks not only to learn the language of our Spanish speaking neighbors but something of their countries, customs, amusements and economy. The popularity of the first Mexican fiesta established it as an annual affair to celebrate the completion of the year's work and to see how it feels to be Spanish, if but for a day.

## SOCIAL SCIENCE

The Social Science department offers courses in world history, United States history, American government, and economics. The course in United States history is required by state law. A minor in history is required for graduation.

World history acquaints the students with the history of man's progress from the earliest times to the present day. By studying the problems of the past, one can better understand problems of today.

United States history is the study of our country from the period of exploration to the present time. The "American Observer" offers a study of today's problems and controversies.

Economics and American government are senior courses. Economics offers a guide to better buying, a wise using of money, and some understanding of making a living.

American government is a study of federal, state, city, and county government. Its purpose is to make good citizens for our democracy.

## COMMERCIAL

The demand for trained clerks, typists, and stenographers is growing greater every day. There are many opportunities in the commercial field.

In view of these opportunities the commercial department offers training for efficient work.

The first commercial course is bookkeeping, offered to sophomores. Juniors and seniors may take one or two years of shorthand and typing. Hard work and concentration are necessary to acquire the speed and accuracy necessary for success in this field.

## MATHEMATICS

There are few fields open where mathematics, in some form, is not desirable. The courses offered at Lanphier are general mathematics, algebra, advanced algebra, college algebra, plane geometry, solid geometry, and trigonometry.

During the last few years, records have shown an increased enrollment in the math department. Now many students, even those who are not planning to go to college, take mathematics because they realize the great importance it plays in the world today.

## SCIENCE

The science department offers eight semesters of work in general science, biology, chemistry, and physics.

General science is an introduction to science and stimulates the student to advance into the field of science.

Biology is the study of plant and animal life. Excursions around the campus furnish a study of trees and plants. Dissection of worms and fish add interest to the course.

Chemistry acquaints the student with the composition, characteristics, properties, and uses of all kinds of substances. Much experimentation is done to make the student familiar with chemical equipment, apparatus, and laboratory technique as well as to substantiate and supplement the teachings of the text.

Physics consists of units on mechanics, heat, sound, light, magnetism, electricity, radio, and transportation. As in chemistry the text book work is accompanied by numerous experiments and demonstrations. The student of physics acquires a practical as well as theoretical knowledge of the fundamental laws that govern our environment.

## HOME ECONOMICS

The purpose of this department is to make our future women better homemakers. It is a great aid in developing and improving personality.

The freshman homemaking course is a composite of several units. The long unit in the first semester is "Eating for Health." Other units studied during the first semester are "You and Your Personality," "You and Your Family," and "You and Your Friends." During the second semester the most time is spent on the clothing unit while a unit on "Art in Clothing," and one on "Art in the Home" are included.

For upper classmen there are advanced courses in foods and clothing where other units, such as "Spending Your Money" and "Home Nursing" are studied.

Home and Family Life is offered to senior girls. This course gives instruction in managing a home, and family relationships.

The Vocational Training program is in effect at Lanphier. This permits the teacher to visit the homes of students and supervise home projects.

## AGRICULTURE

The agriculture student studies cattle, poultry, crops, and farm machinery. Each student is given an opportunity to put crop production, livestock production, and farm management into practice.

The Future Farmers of America has become a very active organization during the past year.

### MR. CASSIUS A. ARMSTRONG

B.S., Illinois University . . . Agriculture . . . F.F.A.

## ART

Red Cross projects, modeling with clay, making masks, and sketching are all a part of the work of the art classes.

At Christmas time the art students designed beautiful stained windows for the Vesper Service.

Whenever an organization needs an artistic poster made for advertising purposes the art department is always ready.

## INDUSTRIAL ARTS

There are many objectives of the industrial arts course. This course teaches not only skill with tools and machinery, but it strives to develop in each pupil the habit of self-discipline, industry, co-operation, neatness, an understanding of mechanical drawing, and an interest in industrial life. It teaches an understanding of some of the more common construction problems.

## LIBRARY

Our library is kept up to date with new books, magazines, and pamphlets. Reference books are very helpful to students for almost every subject. The card cabinet makes it easy for students to find the desired material.

Pleasure, as well as work, can be enjoyed in the library. We have many fiction books and entertaining magazines.

### MRS. JEAN T. ANDERSON

## STUDY HALLS

"No talking, please," is a familiar plea heard in study hall.

Our school has two study rooms. Miss Parrotte supervises the freshman-sophomore study; while Mr. Cain has charge of the junior-senior study. Both of these study halls are supplied with reference books for student work.

## GIRLS' GYM

The program in "gym" ranges from individual activities to more complicated team games. Handball, archery, badminton, exercises, stunts, tumbling and pyramids, girls' basketball, volleyball, softball, field ball and touch ball, all provide enjoyment and training in coordination and increased skill of mind and muscle.

Posture work is also a part of the course in physical education. Emphasis is also placed on personal cleanliness and other aspects of personal hygiene.

### MISS HELEN JESKE

B.S., M.S., University of Illinois . . . Physical Education . . . 11<sup>2</sup>  
Girls' Adviser . . . Girls' Athletic Association.

## BOYS' GYM

This course aids in building strong, firm bodies, as well as strong, keen minds.

The activities include tumbling, trapeze work, rings, baseball, football, horizontal bar, basketball and track. Hard work and play put the boys in good physical condition.

### MR. LEONARD RAKE

B.Ed., La Crosse State Teachers' College; Springfield Jr. College;  
University of Wisconsin; University of Nebraska . . . Physical  
Education . . . 10<sup>2</sup> Boys' Adviser . . . Tumbling.

## DISTRIBUTIVE EDUCATION

This course is divided into two fields. The first part deals with the theory of retailing. The second consists of work in our stores. The combination of the two has for its goal the development of better trained personnel in the field of retailing and service occupations. The subject matter deals with buying, pricing, and selling of merchandise or services. Understanding people receive much consideration. Customer service, personnel management, finance, and accounting, and credit, and collection procedures are important topics.

Field trips to our local stores and to large wholesale and retail stores in St. Louis add to the student's understanding of the work.

### MR. FREEMAN C. GOODWIN

B.Ed., Illinois State Normal University; University of Chicago;  
M.Ed., University of Missouri . . . Distributive Education.

## HOME ROOM

Homeroom meets once a week to help students decide what vocations for which they are best suited, and also to help the students with their every day problems. It is the home room period that students become better acquainted with their fellow students. General discussions of various topics are also carried on in the homeroom period and outside speakers give many interesting talks.

Joint homeroom meetings are held which help clarify matters which have to do with the class as a whole; such as jamboree, prom, and class gifts.

The A Cappella Choir is a selective group with membership based upon both vocal and scholastic ability. Members must have self-discipline, independence in part singing, and co-operation with the rest of the group.

This year the Choir presented its winter concert in January in order to celebrate the Tenth Anniversary of Lanphier. Other public appearances were the Spring Concert, the annual Christmas Vesper Service, Baccalaureate,

the Easter Sunrise Service at Washington Park, and numerous other performances. At Christmas the choir sang at a newly instituted outdoor song fest sponsored by the Junior Chamber of Commerce, and carolled at hospitals.

Both choir and its ensembles participated in a district competition-festival at Virden. The girls, boys, and mixed ensembles received first rating.

## CAFETERIA

This year, for the first time in the history of Lanphier, we have a double lunch shift. This helps students get their appetizing lunch sooner.

The efficiency of the cafeteria is due to the hard work of Miss Devlin and her staff. Students help in the cafeteria by checking orders, making change, washing dishes, and other things. By doing this they gain helpful experience.

Plate lunches, milk, salads, and deserts are always waiting for hungry students at noon.

## JANITORS

We owe that "Spick-and-span" look of our halls and classrooms to the janitorial staff. They work long and hard hours to help give our school a good reputation.

Our engineer works hard to keep us "warm as toast" during the long winter months. He keeps the machines going smoothly, and does many other jobs around the school.

We can be proud at any time to bring visitors to Lanphier!

The Alpha Beta Omega, Math Club to most of us, is a club that combines mathematical business with pleasure. Two requirements are needed to join this club: 1. The student must have completed one year of mathematics. 2. The student must have a strong constitution to be able to survive the initiation ceremonies.

Selling doughnuts and other refreshments during basketball games was one of the club projects. The tea dances sponsored by this club were a successful novelty. The Math Club has alternating business and social meetings, and the annual Christmas party is a long-remembered event for all concerned.

## RADIO GUILD

The Radio Guild, a new addition to the Lanphier Club groups, has been active throughout the year preparing skits and radio broadcasts which have been heard over WTAX and WCVS. Unlike many clubs, the Radio Guild is not essentially a social-minded organization. Much hard work is required to prepare and give the radio discussions, but with such a capable adviser, Miss Ruth Walker, the work is a pleasure.

## SPEECH CLUB

The Lanphier Speech Club replaced the old dramatic and debate clubs this year, in order to coordinate all extra-curricular speech activities. Mr. Otis Aggertt was named club sponsor.

The speech season began successfully November 18 with the three act comedy "A Date with Judy." The perfect cooperation of all the seventy-five club members in acting, set building, preparing properties, costumes, makeup, advertising and selling tickets made the show a grand success—the largest audience ever.

At Thanksgiving time club members and a mixed quartet presented from the Lanphier stage a devotional service which was heard in all classes over the P.A. system.

"Christmas at Lanphier High School," a tableau in six scenes with Oriental costumes and a background of sacred music, was presented for our Christmas Assembly with the P.T.A. as guests.

The Speech Club also sponsored the competitive speech activities. From the thirty tryouts, five speakers were chosen to go to the District Contests in Petersburg. Ultimately, Alex Monto won the right to enter the state finals as one of the top twelve extemp speakers in Illinois.

The club also sponsored debate, with Ruth Abbott, Alex Monto, Dolores Jennings, George Mostaka, Betty Ballog and Jim Smith participating. The varsity affirmative engaged in nine decision contests and won eight; the negative varsity team tried for nine decisions and won four. Lanphier engaged in a total of thirty-four debates with other schools this year.

Members of the club entertained the P.T.A. on March 18 with talks and a debate. Others took part in the Easter assembly. The varsity proved their skill in presenting the first Junior Town Meeting of WTAX before the Lanphier Assembly, February 18. Club members assisted in the production of the senior play, "Tish," April 26.

The Speech Club has done much to raise the level of speech activities at Lanphier.

## F. F. A.

The F.F.A., Future Farmers of America, is under the supervision of Mr. Armstrong. Any boy who is interested in agriculture and who takes the course in agriculture is eligible to join.

Two members of this club were fortunate enough to be sent to the National Convention at Kansas City this past year.

Among other activities, the F.F.A. boys played intramural basketball and participated in livestock judging contests with other schools.

"Don't lean on that poster—it's still wet!" These are familiar words in Room 24 just about any time of year, and Art Club members are usually the dabblers.

The Art Club is open to those students who are interested in art in its varied forms. Miss Kitch and the club members are frequent visitors at Edward's Place and the Centennial Building to see the interesting exhibits. This club promotes individuality and encourages students to participate in group activities.

# Hi-Y

The Lanphier Hi-Y Club has been a school organization for several years. It functions as a school club in cooperation with the Y.M.C.A. The purpose is to create, maintain, and extend throughout the school and community high standards of character.

The main project of the Hi-Y Club is to sponsor the annual banquet for the basketball squad. Other projects and activities include the decoration of a community Christmas tree on the square, attendance of members at state and local Hi-Y conferences, the annual dance after the gym circus, parties and picnics, basketball and swimming at the Y.M.C.A., and club meetings for the discussion of the important problems of high school boys.

The National Honor Society is a select organization in which the members are chosen by merit of their scholarship, leadership, character, and service.

The standards of this society of honor students are high. To be eligible, one must have the following requirements: Scholarship—a B average during the four years of high school and being in the upper 15% of your class; leadership—the initiative and ability required to be a leader in school activities; character—having such desirable qualities of personality, such as honesty, reliability, courtesy, tact, cheerfulness, neatness, poise and stability; service—the ability to entirely forget yourself while serving others.

With the approval of the faculty, the eligible students are tentatively taken in the society during their senior year. If they fulfill the requirements of the National Honor Society all through this final testing period, they are officially pledged into the society upon graduation, and, providing the person upholds the pledge of the society, membership is for life.

## NATIONAL HONOR SOCIETY

## L CLUB

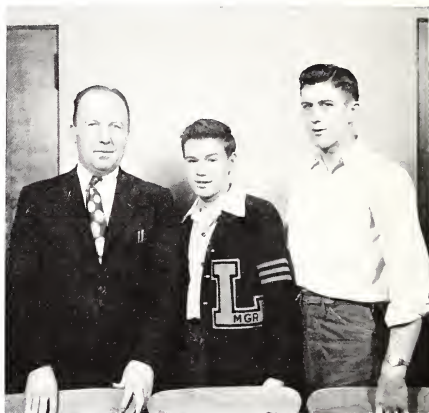

Any boy who has earned a letter by participating in any one of the major sports at Lanphier is entitled to membership in the "L" Club. This organization is only two years old but is rapidly becoming a part of Lanphier tradition.

New members, after the initiation, were guests at a party given by the old members of the club.

Among the many projects of the "L" Club during the past year, this one is readily remembered: The club purchased the warm-up jackets for the football team. This was a big item and a job well done.

 Adviser ..... Lee Goby

The Lanphier Student Council has been a very active group during the past year. This organization has many projects, such as: The decorating of the Christmas tree, sponsoring the baseball and track banquets, and the planning of the football banquet in cooperation with the Booster Club, but the after-game dances have been the most successful events on the Student Council agenda.

One person and an alternate are elected to the Student Council from each home room. This system gives all home rooms an equal voice in the student government.

A regular meeting is held once a week to discuss the problems and plans submitted by the students and to strive to better our school. In order to stress the importance of a strong and helpful Student Council and to create a greater understanding of its functions, the minutes of the previous meeting are read by the acting secretary during the first part of home room period.

Our Student Council belongs to the State and National Organization of Student Councils and is an organization to be proud of.

## STUDENT COUNCIL

# LANECON

This is another of Lanphier's many clubs that are noted for their trying, but humorous, initiations. The Lanecon Club welcomes all girls who have had one semester of homemaking. Many girls are very interested in homemaking; consequently, this club is one of the largest ones at Lanphier. Boys may take the home economics courses but can only become honorary members of the club since full membership is offered only to girls.

The activities of the Lanecon Club are social in nature and are centered around the Mother-Daughter banquet, the annual Christmas party, and picnics.

Our Lanecon Club is a chapter of the F.H.A., Future Homemakers of America, and is affiliated with the Illinois and American Associations.

## G. A. A.

You needn't be a "muscle-girl" to belong to the G.A.A.; just a fun-loving good sport with a desire to participate in the popular girls sports—baseball, basketball, volleyball, etc. Meetings are held immediately after school on Friday, as anyone can guess from the stampede to the gym.

The G.A.A. has several activities. A few are: The posture contest, basketball tourneys, and the Hobo hike. Swimming at the Y.W.C.A. is enjoyed by many of the members. The past year holds memories of the bandana sale. Remember those big white bandanas with the roaring lion, girls?

## USHERETTES

With a cheery smile, a neat, well-mannered and pretty girl hands you a program while another shows you to a seat. Yes, these girls are Lanphier Usherettes.

All the girls on duty are uniformly dressed in black skirts, white long-sleeved blouses, and white sleeveless sweaters that sport the Usherette emblem.

Any sophomore, junior, or senior girl that is on the honor roll and at least 5 feet, 5 inches in height is eligible to join this organization that functions at basketball games, football games and assemblies.

These are the students that have worked tirelessly to produce the fine editions of the Lanphier Light that we all read every other Thursday. A change was made in the make-up of the paper this past year: All advertisements were omitted, making the load greater for all the news writers. The new advisers have had many difficulties to work out, but have maintained the high quality of the Light. Wilford J. Kramer was the adviser for the first semester group, while John P. Lynaugh supervised the work done by the second semester students.

A journalism student must have an English grade average of B or above.

Some of the outstanding journalism students have been accepted by the Quill and Scroll Society for high school journalists and have purchased pins which they proudly wear.

## P. T. A.

The P.T.A. of Lanphier is a very large and active organization. This association has a varied program of events throughout the year which prove of interest to many parents and teachers.

## BOOSTERS

The Boosters, an organization of Lanphier dads, is always willing to give Lanphier a boost whenever it is needed. Many activities are made possible through their efforts.

## FRESHMEN FOOTBALL

With a fine backfield and scoring technique, our frosh enjoyed a good season. By defeating Springfield, Cathedral, Feitshans, and Lincoln each twice, the young Lions ended the season with eight wins, no losses, and one tie, which was with St. James.

In future years these lads will furnish material for the varsity and lead the orange and black to many victories.

## FRESHMEN BASKETBALL

Having won four tilts and lost three, our frosh basketball mentors ended a fine season. They overpowered Woodruff, Riverton, Lincoln, and Mt. Pulaski; but couldn't muster enough strength to win a decision over Taylorville, Lincoln, and Mt. Pulaski when they met the latter the second time.

In future seasons these frosh will lead our team on to state by their fighting spirit, all around ability, and sportsmanship.

## TRACK

Forty boys reported for track this year. Most of them were juniors, but there were several seniors who carried the brunt of the burden in our dual meets. Lanphier had meets with Jacksonville, Lincoln, Carlinville, and Springfield High. Bob Stone was the mainstay of the varsity squad, competing in the shot put and broad jump. Bill Adamski, Robert Herndon and Rodney Dopp were paired in the 440 yard dash. Pinky Kasa and Walter Ingram held the hurdles posts, and Wally Poos was another thinclad ace. Ray Shelton and Alex Monto split the duties in the half-mile run.

With a successful season behind them, the juniors will undoubtedly carry on the fine record made by our thinclads.

## BASEBALL

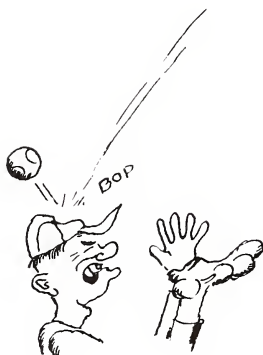

Baseball is one of our major sports here at Lanphier, and many boys turned out this season for a spot on the diamond.

Several experienced players were back this year for another season with the Lions and these men greatly strengthened the team. Newcomers who now have a season behind them will form the Lion nine in years to come and lead the team to greater victories.

The Lions had games with St. James, Beardstown, Cathedral, Feitshans, Mt. Pulaski, Decatur, Springfield, Benld, Carlinville, and Jacksonville to complete a banner season.

# TENNIS

FIRST ROW: Monto, A.; Baepler, D.; Brandon, E.; Coats, J.; Siebert, F.  
SECOND ROW: Miller, C.; Davis, B.; Curry, J.; Bauswell, J.; Manwiller.

Tennis is a new addition to Lanphier's sport agenda. Although it's a minor sport, it has the greatest follow-through after you are graduated. You can't ask a buddy in the office or shop, "Let's run off a track meet" or "How about a game of football?" But to play a few sets of tennis on your day off takes neither elaborate equipment nor huge teams.

What's the use of sport anyway? To give mild, healthy exercise? To provide wide opportunities for play? To develop sportsmanship? Then you can't beat tennis!

Golf was revived this year with a bang. Even some girls were seen on the greens and fairways. Mr. Anderson is the head of the golf department and Mr. King instructed the golfers. All those out for golf compete in a ladder tournament to decide the best six. These six then play in the district and interschool meets.

FIRST ROW: Child, B.; Hickman, D.; Glasse, B.; Davis, W.; Barrington, F.; Stewart, W.  
SECOND ROW: Anderson, D.; Brewer, R.; Connell, B.; Poos, W.; Bawalski, F.; Thomas, D.; Ahlers, W.; Netznik, B.

# GOLF

 THIRD ROW: R. Netznik, B. Netznik, R. Anderson, P. Jones, B. Zanot, T. Stephens, J. Bollman.

## TUMBLERS

The spectators held their breath as Dale Robinson hung by his toes on the trapeze. This was one of the many feats performed by our tumblers.

The annual Gym Circus was the main event put on by the tumblers. On this thrill packed eve there were feats on the horizontal bar, the high trapeze, the flying trapeze, and the mat. Boxing and wrestling were also a great attraction.

Performing at the halves of basketball games was another entertainment the tumblers afforded the fans.

Joe Coniglio, Florence Cirillo, Lorna Smith, Betty Jo Smith, Virginia Nemeth, Charleen McQueen

## CHEER LEADERS

"Come on now, let's have a big Yah Lanphier," say our cheerleaders as they lead the yells at all sports throughout the year. Promoting school spirit and leading our teams onward to victory, the cheerleaders have done a swell job, and our teams know they are backing them at every contest. With new uniforms and a new advisor, Mr. Wetzal, our cheerleaders have cheered the Lions to many triumphs.

# Herbert Georg Studio

## PHOTOGRAPHY

To bring to the students the highest quality of pictures and to bring it to them on time has been the main goal of the 1947 Lan-Hi staff. In doing this we employed Herbert Georg Studios, a well known, commercial photographer, to shoot all the main photos for the new book. This is the first time that a Lan-Hi staff has had the service of an expert in the field of photography. All settings, lights, and necessary equipment needed to bring out the full detail of our school were provided by Herbert Georg. We hope that in the future all Lan-Hi staffs will have the fine pictures and co-operation that we have had from Herbert Georg.

Here we see a group of juniors awaiting their turn to be "shot" by the Herbert Georg photographers. Smile, Denny!

This is a "back-stage" shot of the act of taking a professional picture. As you can see, being a photographer is a strenuous job.
